

## Help Save the Elk Shoals Log Cabin

**We need your help** in trying to save the LOG CABIN that is located on the Elk Shoals property. This property was purchased by the New River Conservancy and has been given to the New River State Park.

The Park system has evaluated the buildings on the property and several buildings have already been taken down because of their condition. The log cabin is still in question.

The Parks System told us that they had not heard of requests from local people wanting to save the CABIN.

*WE are asking ALL CONCERNED People to send a message to the New River State Park and to the North Carolina State Parks indicating that you want them to save the LOG CABIN.*

Alone we can do so little, but together we can do so much.

Thank you for your help in trying to save this memory of ELK SHOALS.
